

CITIZENS AID POLICE HUNTING KIDNAPPER

Five-Year-Old Girl Found After Being Missing for Three Days

CHILD'S MOTHER PROSTRATE

Police and citizens of Highland Park, N. J., today are searching the town and woods in its vicinity for the kidnapper of Ethel McCleave, five years old, who was found sick and exhausted on a rain-soaked meadow, after having been missing since Saturday.

The child was found along the freight cutoff of the West Jersey and Seashore Railroad near Riverway Heights.

Discovery of the missing child, whose dog ran up the bank barking furiously, inducing his owner to follow him. Hess took the child to her home, where she was placed in bed with her mother, who has been ill since her disappearance. Dr. George Adams, of Gloucester, was called to attend the child.

Search made by employees of the Pusey & Jones Company and the authorities for the missing girl proved unavailing. The child attended the picnic of the Pusey & Jones shipyard at the country club last Saturday. She returned to within a short distance of her home, but never reached there. Her dog, which had been with her, arrived home alone.

Belief that the child was abducted and that her captor, fearing the consequences, abandoned her at the place where she was found, is borne out by the statement of Mrs. Mary Myrtle, of Gloucester. She declares she saw a man giving candy to the child on Saturday. The place where the child was found was searched carefully on Sunday.

Assistant Prosecutor John Straw, of Camden, is in charge of the investigation of the reason for the child's disappearance. He visited the home of the child last night in company with a detective. Avington County Physician W. H. Pratt, of Camden, and Dr. George Adams, of Gloucester, after examining the child, declared their opinion she had not been harmed by her abductor. Dorothy Ollis, a playmate of the kidnapped child, declared to the authorities that the same man who hired her little friend away, tried also to get her to accompany him, but she refused and ran home, frightened.

FEW LETTERS FOR GERMANS

Lifting of Censorship Finds Only 200 Sending Notes to Teutons

Notwithstanding that mail is now permitted to go to any part of Germany without passing through censorship, only a few hundred persons have availed themselves of the opportunity, according to Superintendent of Mails W. Johnson, who asserts that in pre-war days at least 1000 letters were received daily at the central postoffice and its branch stations. Today, however, less than a fifth is being received.

Mr. Johnson explains that few commercial letters are being sent to Germany because of the unsettled conditions of trade.

A limited number of parcel post packages are being forwarded.

The ban on money orders still prevails, and the Postoffice Department, according to local officials, will not lift these until about three weeks later. This is due to the instability of German credit and their monetary exchange valuation being in an unsettled condition.

FIFTH WARD PLEA ATTACKED

District Attorney Says Appeal of Defense Is Inadequate

District Attorney Rotan has answered the petition of the Fifth ward policemen in the Supreme Court for a new trial by alleging that the "petition is too general and not specific as to any supposed errors of the Superior Court."

Without setting forth particulars the Fifth ward policemen claimed the Superior Court had contravened its own decisions and the decisions of the Supreme Court in passing upon points of law. The convicted men are Bennett, Wierschauer, Murphy, Uram, Feldman and Hayden.

The Supreme Court may dismiss the appeal on its own view of the petition and answer or sustain the policemen's attorney, William A. Gray, and District Attorney Rotan to make oral arguments, or it may grant the appeal without further argument.

Peter Ellis heads the new organization. Other officers are: Giuseppe Paranello, Giuseppe Incollegio, Giacomo Visco and Giosonno Belli.

POLICE MUSICIAN DROWNS ON FIRST DAY OF HIS VACATION

Patrolman Archer's Swim in Delaware During Picnic Proves Fatal

Patrolman William Archer, thirty-five years old, 2331 South Bouvier street, attached to the Fifteenth and Snyder avenue station and a member of the Police Band, drowned in the Delaware river at Torresdale.

Archer was a bather in the band. During his nine years' service on the police force he was attached to the Eleventh and Winter streets station, the Second and Christian streets station and the Fifteenth street and Snyder avenue station. He was a graduate of Girard College.

Yesterday was the first day of his summer vacation. He and his family were planning to leave today for a stay at Atlantic City.

The police of the Fifteenth street and Snyder avenue station will attend the funeral services. Interment will be in Holy Cross cemetery.

The Police Band took an afternoon off and took a trip on the police boat Ashbridge. At Torresdale the picnicers went ashore and Archer was among those who decided to go swimming.

When some distance from shore Archer was caught in the strong downriver current caused by the swollen tributaries pouring rapidly into the main stream. Before his companions could go to the rescue of the struggling man he was swept under. It was an hour before the body was found and removed to the Torresdale station.

Archer leaves a widow and four small children.

The body of the twelve-year-old youth found in the Delaware river at Noble street on Sunday was identified yesterday as that of Anthony DiDelle, of 408 Cherry street. Identification was made by the drowned boy's mother.

RECTORY NOT APARTMENT

City Solicitor Holds Rooming House Law Does Not Apply

According to an opinion furnished to Director Wilson, of the Department of Public Safety, by City Solicitor Connelly, the rectory of the Roman Catholic Church of the Ascension, now in the course of construction at F and Westmoreland streets, which will contain six rooms and three baths on the third floor, will not be required, as is necessary for all rooming houses, to have a fire escape. The law, however, was asked to give an opinion whether the structure was to be regarded as a rooming house. Mr. Connelly said:

"It seems to be reasonably clear that the ordinary rectory is neither a tenement house, a lodging house nor a rooming house, but unless some unusual circumstances in special cases differentiate it from a private residence, it is to be so regarded."

TAILORING SHOP ROBBED

Door Smashed While Owner Slept and Cloth Worth \$3000 Stolen

Report of a robbery at the tailoring establishment of Hyman Kobulnick, 319 South Fifth street, when thieves got away with \$3000 worth of summer and fall suitings, was made today.

The owner and his son Marcus were sleeping upstairs about 4:30 o'clock Saturday morning. The thieves, it is believed, smashed in the glass of the door while the rumbling trolleys were passing and crawled through. It is thought the cloth was carried away in an automobile.

BOCHE BOMB FATAL TO PRIVATE MERCER

Solemn Requiem Mass Will Be Celebrated Tomorrow for Dead Soldier

NEWS DELAYED 11 MONTHS

Official announcement has just been made by the War Department that Private Wilbert Mercer Company L, 111th Infantry, died August 17 last, after having been wounded in action August 11. Solemn requiem mass will be held for him tomorrow in St. Agatha's Church, Thirty-eighth and Spring Garden streets.

Private Mercer, who lived at 3924 Aspen street, was listed on July 17, 1917, and was a married man, aged 29, of Angier, 529 North Forty-first street, told his mother in his last letter, dated August 8, that he had been in action on July 4, was "feeling O. K." and was sure to come home all right.

To find out the particulars about her son's death, Mrs. Mercer went to Camp Dix and had a long talk with her sergeant, Joseph Geisler, 1311 Fairmount

avenue, who was with her son when he died. Simply he told her the story. "It was in the battle of Fismettes, on August 11, 1918, that it all happened," he said. "Wilbert and I, together with thirteen others, were separated from our officers and were taken prisoners. We were taken to a German prison camp. Later we escaped, were discovered and pursued by a large number of Germans. We sought shelter in a big shell hole—fifteen of us—and were there but a short time when we were found. Hand grenades were thrown in on top of us. Every one of that little group of fifteen men were either killed or wounded."
